A Disease that wrecks the System.

Every function deranged, every nerve unstrung, every muscle disordered, every fever and pain. It is, in fact, a disease which if unchecked, eventually wrecks the system. It is in its types, in every phase, it is dangerous, destructive, Simpson, delirium, convulsions, often attend it, and cause swift dissolution. But when combated with Hueston's Stomach Bitters its foothold in the system is dislodged, and every vestige of it eradicated. That benignant article so useful and preventive of the dreaded scourge is recognized not only within our own boundaries, but in those lands far beyond them, where immigrants and residents are fearfully prone to it. It is a true antidote to the mortal poison and a reliable means of overcoming disorders of the stomach. Large doses, of which a vivified torrid atmosphere and brachial misnamed water are extremely provocative. All emigrants and travellers should be supplied with it.

BLOOD LETTING IN HAWKINS COUNTY.

A Constable Accidentally Shot by a Friend.

Two Twin Brothers Quarrel, and One Killed by the Other.

Special Correspondence of the Chronicle.

ROGERSVILLE, March 21, 1879.

ME EDITOR: Our section has been

the scene of two fearful casualties this

week. Monday afternoon some men

were practicing shooting at a mark

near the steam saw mill on the out-

skirts of the town. Mr. James Rogan

was showing Constable Lytle the

working of a pistol, which he thought

had been emptied, when his thumb

slipped from the hammer. One cart-

idge was still in the pistol. The re-

sult was a fearful wound in the lower

part of the abdomen. Under skillful

medical care, Mr. Lytle, it is hoped,

will recover.

The other event resulted more seri-

ously. Two brothers, twins, Lafayette

and London Kite, living six miles

from town, while engaged in some

farm work, got into a scuffle and

fighting. In the fight, Lafayette

struck London in the head with a

stick, which resulted in his death.

The young men were of a good fam-

ily, quiet and upright, and bore more

than usual affection toward each other.

The calamity has cast a gloom over

the entire neighborhood and darkened

the life of the surviving brother. A

Athens Post: George H. Bomar

died at his home in Knoxville, on

Wednesday, the 12th inst., after a pro-

tracted illness, of consumption. He

was well and favorably known as a

newspaper man, having long been

connected with the press of Knox-

ville, and on special occasions had

been in the employ of the New York

Herald and other leading journals.

He was universally regarded as by

those who knew him as a truly hon-

est and upright man, of sober, indus-

trious habits, and his death is largely

lamented.
